WOMEN'S ARTISTIC CLASSIC CHALLENGE CHAMPIONSHIPS RULES 2023

Philosophy

This new competition pathway was devised in 2019 and introduced in 2021, when we returned to competitions after Covid-19, to bridge the gap between FIG and Regional level gymnasts. It is hoped that this competition pathway will become an integral part of British Gymnastics Women's Artistic programme.

The underlying principle of the Classic Challenge Championships is for competition based on ABILITY rather than AGE. The Classic Challenge Championships is about inclusion, a level playing field, fair play philosophies, and is pro-choice. This category must not be deemed to be "lesser" or of a "lower class", and coaches, judges, gymnasts and parents are discouraged from framing it that way.

The overriding aim is to allow the vast majority of WAG Gymnasts a meaningful competition structure that is ACHIEVABLE FOR ALL. The new structure will allow gymnasts who train less hours per week to fulfil the rules within their ability level and receive a score which promotes self-value, self-worth and pride in their achievement, whilst giving an additional opportunity for these gymnasts to represent their region at National Finals.

Gymnasts will be able to compete at the Classic Challenge Championships if they have not competed at British Championships or a compulsory level competition in that year. Competing in Home Nations Championships & Club Team Championships does NOT exclude a gymnast from also competing in Classic Challenge Championships. Gymnasts competing in compulsory levels will still have National Voluntary Levels which will be reviewed annually.

Introduction

For the past few years, WTC has been looking at ways to address the mandated reduction of gymnasts at the British Championships, yet also meet the demands of the vast increase in membership. In addition, keeping clubs in business, keeping gymnasts in the sport, and continuing to build tomorrow's coaches and judges has needed careful consideration. A working group was commissioned towards the end of 2019, to take on this much needed body of work.

It can be stated that the current WAG competitive system in the UK is primarily based on FIG rules, but for all sorts of reasons most gymnasts cannot sustain or manage Bars, and/or cannot develop Vault beyond a certain point or make an international standard. The FIG Code is made for international level gymnasts. This then leaves a large majority of competitors needing a more realistic and less demanding way of competing and enjoying performing.

As a result, a new domestic "code of points" has been created to address these challenges, yet still allow for exceptional talent or late starters to emerge. This new code has been created to address these and other challenges. The code is based largely on FIG rules and directives, but aims to provide more choice and variety through modified requirements and additional skills.

This is a new competitive category that aims to keep these gymnasts in the sport, have a Regional Team National Final Championships at the upper levels that they can strive for outside of the British Championships, and that values them in such a way that they consider their long-term involvement in the sport. *These aims can be met through increased variety for a more personal and suitable choice of compositional requirements*, thereby reducing potential stress and injury. Considering the impacts of Covid-19, every effort has to be made to keep gymnasts in the sport, and so save the clubs. Our hope is that this code, *and its continued modifications*, contributes to those efforts.

Framework

These new rules fall under the new "Classic Challenge" heading. An annual review with the WTC Working Group will occur to make any necessary changes. *The working group will be headed by WTC and changes, where needed, will be made annually in consultation with regional chairs and will take into consideration and incorporate all feedback received from coaches & judges throughout the year, whilst protecting the integrity & flexibility of the whole WAG competition structure.*

So as to not require a whole new set of judging awards, the judging system is based on current FIG D and E evaluations with the addition of uncoded elements (*at certain levels*) being recognised as 'A' value skills and counted towards the start value of the exercise. Gymnasts have a choice of Compositional Requirements (CR) which have also been modified to reflect the difficulty level. It is hoped that by allowing a choice of CR's the gymnasts will be better able to work within their ability. Execution will remain as FIG (unless otherwise stated), encouraging clean, aesthetic work *whilst also allowing judging of routines to be standardized.*

Competition Structure

The different levels are called Tin, Zinc, Copper, Bronze, Silver and Gold Levels.

Tin & Zinc (8+ years) & Copper (9+ years) will be regional only levels and will not progress to National Finals. It is hoped that these new levels will enable regions to all work from the same rules for gymnasts that are not working to full FIG. *For 2023, an additional entry level competition has been added called 'Tin', this has been added following feedback and at the request of some regions to allow for a fairer competition at the lowest levels.*

Bronze (10+ years), Silver (12+ years) & Gold (14+) will progress to National Finals in format of a regional team consisting of 6 gymnasts at each level.

Additional Clarifications for Tin Level

Element recognition and deductions are as per FIG CoP unless the rules specifically state otherwise.

An element can be utilised to fulfil more than one CR (unless otherwise stated).

Listed uncoded elements can be used for DV, CR & Bonus and will be recognised with the same value as 'A' elements.

'A' value elements only are permitted at this level (**except 'B' dance elements on beam & floor**). Any higher value elements will receive NO DV or CR.

There are no bonus' at this level.

Vault:

- Only the specified vault may be performed.
- 1 springboard only allowed
- Additional modified 4 & 5 coil springboards will be available

Bars:

- **This is a low bar only routine.**
- Deductions as per FIG unless stated otherwise
- 3 elements only are required
- A routine with less than 3 elements will be deducted 1.00 for each missing element
- A float swing from board back to board does NOT carry a fall penalty if the gymnast releases the bar
- Gymnasts may start their exercise between the bars and dismount away from the bars.
- A safety mat (depth 20cm), and/or a jersey style mat (depth 10cm), can be moved/placed as needed, but must not block the judges' view.

	Handstand (0°) to 90°	No cast deduction With value (D panel)
	Below 90°	0.10 deduction No value (D panel)

Beam:

- 5 elements only are required – 1.00 penalty for each missing element
- A backward roll on one shoulder will class as a backwards element at this level.
- A jersey style mat (depth 10cm) is allowed for dismounts (optional).
- A forward roll will count as a forwards element for CR.
- 'B' **dance** elements only are permitted
- Coaches must be present for any salto dismount (or 1.00 penalty).

Floor:

- 5 elements only are required – 1.00 penalty for each missing element
- An acro element may be repeated without DV for purposes of fulfilling a mixed series
- 'B' **dance** elements only are permitted
